## Weekly Drilling Report - Ungani Far West 1

Buru Energy Limited (Buru Energy) provides the following weekly update on drilling operations at the Ungani Far West 1 well as at 06:00hrs, 28 January 2016.

Since the last progress report, the well has been cored ahead in 3.99" (101mm) hole to the current depth at 06:00 hours today of 2,365 metres.

The top of the Ungani Dolomite was encountered at 2341.4 metres and cores recovered from this point to the current drill depth have displayed well developed vugular porosity with strong mud gas shows and oil bleeding from cores.

The forward plan is to core ahead through the Ungani Dolomite reservoir section.

The well is located on an all weather drilling pad approximately one kilometer off the Ungani access road within Production License L21, 97 kms east of Broome and 3.3 kms southwest of Buru Energy's Ungani Oilfield in the Canning Basin of northwestern Australia.

The well is being drilled under the terms of the Ungani Development Funding agreement with Diamond Resources (Fitzroy) Pty Ltd. Equity and contributing interest for the well are as follows:

<b>Company</b>	<b>Equity Interest</b>	<b>Contributing Interest</b>
Buru Energy	50%	0%
Diamond Resources (Fitzroy)	50%	100%

## **About Buru Energy**

Buru Energy Limited (ASX: BRU) is a Western Australian oil and gas exploration and production company headquartered in Perth with an operational office in Broome. The Company's petroleum assets and tenements are located onshore in the Canning Basin in the southwest Kimberley region of Western Australia. Its flagship high quality conventional Ungani Oilfield project is owned in 50/50 joint venture with Diamond Resources (Fitzroy) Pty Ltd. As well as Ungani, the Company's portfolio includes potentially world class tight gas resources.

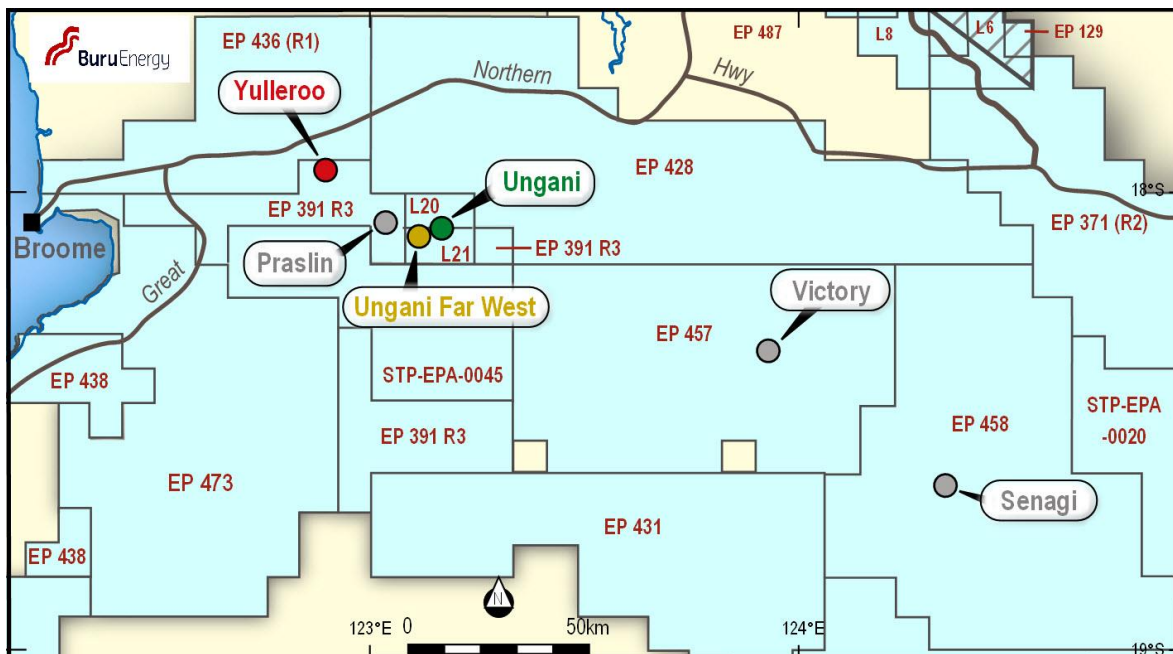

The company's goal is to deliver material benefits to its shareholders, the State of Western Australia, the Traditional Owners of the areas in which it operates, and the Kimberley community, by successfully exploring for and developing the petroleum resources of the Canning Basin in an environmentally and culturally sensitive manner.

## **Competent Persons Statement**

Information in this release related to exploration and production results and petroleum resources is based on information compiled by Eric Streitberg who is an employee of Buru Energy Limited. Mr Streitberg is a Fellow of the Australian Institute of Mining and Metallurgy and the Australian Institute of Company Directors, and a member and Certified Petroleum Geologist of the American Association of Petroleum Geologists. He has over 40 years of relevant experience. Mr Streitberg consents to the inclusion of the information in this document.
