ASX ANNOUNCEMENT (ASX: BRU) 27 September 2012

Buru successfully raises \$40m in Institutional Placement

Buru Energy Limited (“**Buru**” or “**Company**”) is pleased to announce that it has successfully raised approximately \$40 million through the placement of new shares to institutional investors (“**Institutional Placement**”).

As announced yesterday, an Institutional Placement was conducted yesterday via a variable price bookbuild, which priced at \$2.75 per share, a 3.5% discount to the last closing price on 25 September 2012. The bookbuild was significantly oversubscribed.

Under the Institutional Placement, Buru will issue 14,545,455 shares, representing some 5.8% of the Company’s current issued capital, which will rank equally with existing shares from allotment. Settlement of the Institutional Placement is expected on Wednesday 3 October 2012, with allotment expected on Thursday 4 October 2012.

Proceeds raised under the Institutional Placement will be used to fund the acquisition of Gujarat NRE Oil Limited which holds a 90% interest in each of EP457 and EP458 for \$36 million and a right to acquire a 50% interest in the permit to be issued in respect of application area 5/07-8 for \$3.5 million (“**Acquisitions**”).

Commenting on the Placement Buru’s Executive Director, Mr Eric Streitberg said:

“We are very pleased with the strong level of support shown for the Acquisitions and the Institutional Placement, and are delighted to welcome a number of new high quality institutional investors to the Buru register. We also gratefully acknowledge the strong ongoing support of our existing shareholders for the strategic direction of the Company.

The capital raising provides us with funding for the acquisition of EP 457 and EP 458 and gives us full coverage of the Ungani oil trend and a very substantial extension of the Laurel Formation play. The application area is lightly explored, however, it gives us exposure to a number of our existing conventional and unconventional plays.

The size of the raising means our cash balance is substantially the same as it was before the raising which means that we have sufficient funds for our ongoing 2012 and early 2013 exploration, appraisal and development programs and we

are really looking forward to continuing our exploration program on this new acreage.”

Please find attached the Appendix 3B in relation to this Institutional Placement.

Insert number of fully paid ordinary securities on issue 12 months before date of issue or agreement to issue	N/A

“D”	0.10 <i>Note: this value cannot be changed</i>
Multiply “A” by 0.10	
Step 3: Calculate “E”, the amount of placement capacity under rule 7.1A that has already been used	
<p>Insert number of equity securities issued or agreed to be issued in that 12 month period under rule 7.1A</p> <p>Notes:</p> <ul style="list-style-type: none"> • <i>This applies to equity securities – not just ordinary securities</i> • <i>Include here – if applicable – the securities the subject of the Appendix 3B to which this form is annexed</i> • <i>Do not include equity securities issued under rule 7.1 (they must be dealt with in Part 1), or for which specific security holder approval has been obtained</i> • <i>It may be useful to set out issues of securities on different dates as separate line items</i>
