Weekly Drilling Report Praslin 1 Exploration Well

Buru Energy Limited (Buru Energy) provides the following weekly update on drilling operations at the Praslin 1 well as at 06:00hrs, 13 August 2015 (AWST).

Since the last progress report, the well has been drilled ahead in 6-1/8" (156mm) hole to 1,986 metres as at 06:00 hours today. Progress has been delayed by minor mechanical issues on the rig. The forward operation is to drill ahead to the sectional total depth of ~2,050 metres where casing will be set prior to drilling ahead into the prognosed Ungani Dolomite primary reservoir objective.

Praslin 1 is located 90kms east of Broome and 15kms west of Buru Energy's producing Ungani oil field. Buru Energy and Mitsubishi Corporation each have a 50% equity and contributing interest in the Praslin 1 well and in EP391.

About Buru Energy

Buru Energy Limited (ASX: BRU, S&P/ASX300) is a Western Australian oil and gas exploration and production company headquartered in Perth with an operational office in Broome. The Company's petroleum assets and tenements are located onshore in the Canning Basin in the southwest Kimberley region of Western Australia. Its flagship high quality conventional Ungani oil field project is owned in 50/50 joint venture with Mitsubishi Corporation. As well as Ungani, the Company's portfolio includes potentially world class tight gas resources. The company's goal is to deliver material benefits to its shareholders, the State of Western Australia, the Traditional Owners of the areas in which it operates, and the Kimberley community, by successfully exploring for and developing the petroleum resources of the Canning Basin in an environmentally and culturally sensitive manner.

Competent Persons Statement

Information in this release related to exploration and production results and petroleum resources is based on information compiled by Eric Streitberg who is an employee of Buru Energy Limited. Mr Streitberg is a Fellow of the Australian Institute of Mining and Metallurgy and the Australian Institute of Company Directors, and a member and Certified Petroleum Geologist of the American Association of Petroleum Geologists. He has over 40 years of relevant experience. Mr Streitberg consents to the inclusion of the information in this document.
