

BOARD RENEWAL AND PERFORMANCE EVALUATION POLICY

1 Introduction

The aim of this Board Renewal and Performance Evaluation Policy (“Policy”) is to record and communicate Buru Energy Limited’s (“Buru” or “Company”) commitment to maintaining an effective and proactive Board with the appropriate mix of qualifications, skills and experience required to enable it to effectively discharge its responsibilities.

Ultimately the Directors are elected by the shareholders of Buru. However, the Board plays an important role in the selection and appointment of potential Directors for shareholder vote. The Board has delegated this function to the Remuneration & Nomination Committee (“The Committee”) that will make recommendations to the full Board concerning Board renewal as well as the evaluation of the performance of the Board, individual Directors and Senior Executives.

This policy sets out the processes followed by the Committee in relation to Board renewal and Board performance evaluation.

2 Board Renewal

2.1 Size and Composition of the Board

The Board is to be structured in such a way to ensure that it has the proper understanding of, and competence to deal with, the current and emerging issues of the business and drives enhanced performance of the Company. The Board structure should be appropriate in relation to the Company’s size and operations as they evolve.

The Committee carries out the process of determining the need for, screening and appointing new Directors.

2.2 Commitment to the Board

Non-executive Directors shall provide to the Board, prior to their appointment or re-election, details relating to other significant commitments that they may have, and an indication of the time involved with those other commitments.

All Directors should consider the number and nature of their directorships or any other significant commitments and the impact that these may have on their commitment to the Buru Board noting that current market expectations are that a maximum of four Board roles is appropriate.

2.3 Director competencies

As part of Board evaluation the skills and competencies required of Directors for the Company to be managed effectively are considered. The Committee assesses the skills and competencies of the Directors to identify any gaps or areas of weakness that may be addressed through the upskilling of existing Directors or the appointment of a new Director.

2.4 Appointment of Directors

The Committee will make recommendations to the full Board, which has the power to appoint a new Director to the Board either to fill a casual vacancy or as an addition to the existing Directors. That Director holds office until the conclusion of the next Annual General Meeting (“AGM”) of the Company but is eligible for election at that meeting.

When considering potential candidates to be appointed as a new Director, the Committee shall consider the following:

- any identified gaps in the skills and experiences of the Board or particular skills or experience that will increase Board effectiveness;
- length of tenure and succession plans;
- experience;
- independence; and
- diversity.

2.5 Retirement of Directors

At each AGM there must be an election of a Director. The Directors who must retire from office (but are eligible to stand for re-election) at the AGM are as follows:

- a) each Director who has held office without re-election:
 - beyond the third AGM following the Director’s appointment or last election; or
 - for at least three years,
 - whichever is the longer period; and
- b) each Director who has been appointed by the Board since the previous AGM to fill a casual vacancy or as an addition to the existing Directors; or
- c) if neither (a) nor (b) applies, the Director who has served office longest without re-election. If there are two or more such Directors who have been in office for an equal length of time, the Director to retire will be determined by lot.

This does not apply to a Director appointed by the other Directors as a Managing Director who is exempt from retirement by rotation.

2.6 Informing Shareholders

Shareholders shall be informed of the names of candidates submitted for election as Directors. In order to enable shareholders to make an informed decision regarding the election, the following information shall be supplied with the notice of the AGM for each candidate eligible for election as a Director:

- biographical details;
- details of relationships between the candidate and the Company or other Directors;
- directorships held;

- particulars of other positions held by the candidate which involve significant time commitments;
- the term of office currently served;
- a statement by the Board as to whether it supports the nomination of the proposed candidate; and
- any other particulars required by law.

2.7 2.7 New Directors

Each new Director will undergo a formal induction at the earliest opportunity to enable them to gain an understanding of the Company's financial, strategic, operational and risk management position and to participate fully and actively in Board decision-making. The formal induction will include information on:

- the Company's culture, values and objectives;
- the rights, duties and responsibilities of Directors;
- the Company's organisational structure, including the roles and responsibilities of senior executives;
- meeting arrangements; and
- Director interaction with each other, senior executives and other stakeholders.

3 Board Performance Evaluations

3.1 Individual Directors

Annually, or at such other interval as agreed by the Committee as appropriate from time to time, the Chairman will conduct a performance evaluation of each Director. The evaluation of performance is based on the expectation that the Director is performing their duties in the interests of shareholders and in accordance with the requirements imposed on them by Buru's constitution and the law.

Non-Executive Directors when nominating for re-election are given the opportunity to submit a written or oral statement to the Committee giving reasons why they should be re-elected. This is evaluated by the Committee in the Non-Executive Director's absence.

3.2 Chairman

Annually, or at such other interval as agreed by the Committee as appropriate from time to time, the Non-executive Directors, other than the Chairman, will conduct a performance evaluation of the Chairman. The Chairman's performance is evaluated against the role approved by the Board.

3.3 The Board

As appropriate from time to time, an evaluation of the performance of the full Board is to be undertaken by an external independent consultant. The external independent consultant is to seek

input from each Director and senior management during this process. The results are discussed with the Chairman who presents the assessment and any recommendations to the Committee.

If considered appropriate, an internal review led by the Chairman considers progress on any recommendations arising from the last external review together with any new issues that have arisen.

As considered appropriate, an internal review will be conducted for each Committee by the Board with the aim of assessing the performance of each Committee and identifying areas where improvements can be made.

The Company will disclose whether a performance evaluation was undertaken in each reporting period in accordance with the process outlined above.

4 Senior Executive Performance Evaluations

The Chief Executive Officer will oversee the performance evaluation of the senior executive team on an annual basis, or as considered appropriate. This evaluation is based on specific criteria, including the business performance of the Company, whether strategic objectives are being achieved and the development of management and personnel.

5 Communication

This Policy will be communicated to all Directors and senior executives of the Company. It will be made available to shareholders and other external stakeholders through the Company's website.

6 Review of this Policy

This policy will be reviewed from time to time to ensure it remains effective and meets best practice standards and the needs of the Company. This policy can only be amended by resolution of the Board.

The Board Renewal and Performance Evaluation Policy can be accessed via the Company website at <https://www.buruenergy.com/site/about-us/corporate-governance>.
